SUMMARY

I am a web developer with strong interpersonal and oral communication skills. I'm an idea guy, who loves strategizing and bouncing ideas off my coworkers in an open communication environment. I also have a proven track record of learning new languages and frameworks very quickly. I work really well within a team dynamic but I also enjoy solo projects.

SKILLS

LANGUAGES: Ruby, Javascript
FRAMEWORKS: Ruby on Rails, Sinatra
TESTING FRAMEWORKS: RSpec, Capybara
DATABASE: ActiveRecord, SQL(PostgreSQL, SQLite)
FRONT END: HTML5, CSS3, Bootstrap, Foundation
VERSION CONTROL: GIT
METHODOLOGIES: Object-Oriented Design, Test Driven Development

PROJECTS

TubeGenius

A time triggered comment and annotation site for YouTube videos with user messaging and notification capabilities.

- Created models, migrations, and views for comments, in-app messaging, and notifications with 90% test coverage.
- Utilized Foundation and CSS to style commenting, messaging, notifications, and user profiles.
- Source: https://github.com/amihalopoulos/tubegenius

Stack Overflow Clone

Clone of Stack Overflow made using Ruby on Rails, ActiveRecord, PostgreSQL, JavaScript, and Bootstrap CSS.
Source: http://github.com/amihalopoulos/stack-overflow

EMPLOYMENT

U.S.A. Home Improvements Corp
Manager

Teaneck, NJ
Jun 2014 to Jan 2015

- Managed projects and served as primary liaison between client and multiple internal groups to ensure clarity of goals, quality and adherence to deadlines
- Created Facebook page, blog, newsletter, and brochures to market to new and existing customers
- Supervised job sites of up to 20 employees by managing supplies, ensuring construction matched drawings/plans, and following state regulated safety protocol
- Calculated, prepared, and issued bills, invoices, and account statements according to established procedures
